

Club Matters Update

February 2017

Club Matters is Sport England's one stop shop for sports clubs. Club Matters provides free, convenient and practical resources to help you develop and run a sustainable club. Click here to [register for Club Matters](#) so you too can benefit from the free resources available.

Here is an update on some of the ways your club can benefit from Club Matters...

Find the support your club needs with Club Matters

Whether your club has just started out, or is working towards the gold-standard Clubmark accreditation, Club Matters has the support and guidance needed for your development journey. There are lots of resources available on their website – from online modules to downloadable templates – and their new tool will help you identify the most relevant support based on your specific needs. All you need to do is select your current situation and you'll be signposted to the right place. Find out more [here](#)

Boost your club by attending a free Club Matters workshop

Join the thousands of club members who have already improved their knowledge, established a local club network and shared experiences by attending a Club Matters workshop near you. They provide an opportunity for you to come together face-to-face with other sports clubs and learn from one of their expert tutors to learn more about a particular topic. Click [here](#) for more information.
