# STATEMENT OF RESPONSIBILITIES OF THE REGIONAL MANAGEMENT BOARD FOR THE FINANCIAL STATEMENTS

Current accounting practice requires the Regional Management Board to prepare financial statements for each financial year which give a true and fair view of the Region's state of affairs at the end of the year and of its income and expenditure for that period. In preparing those financial statements the Regional Management Board is required to:-

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is not appropriate to assume that the Region will continue in business.

The Regional Management Board is responsible for keeping proper accounting records which disclose, with reasonable accuracy at any time, the financial position of the Region. It is responsible for maintaining a satisfactory system of control over the Region's books of account, its cash holdings and its receipts and remittances and must also take adequate precautions to guard against falsification and facilitate its discovery.
