

**The Swim England Diving 2022 National Age Championships saw a resounding success for the 3 clubs representing the South East Region collecting between them 28 medals: 8 national champion golds, 10 silvers and 10 bronze.**

With the South East Age Group Championships diving team being made up of a strong mix of experienced divers and new talent from across 3 clubs, Southampton, Albatross and Star, the team put the horrors of the pandemic firmly behind them in a demonstration of resilience, skill and determination that was both thrilling and humbling to be part of.

*Double gold medallist Hernan Mosqueda Jolly*

The breadth of the regional team's performance also resulted in Southampton taking the Dawson Shield, awarded to the best performing club taking 16 of the 28 medals with 7 of them coming from younger, less experienced, divers who would have been new to diving pre pandemic and have progressed to this Stage 3 national level since the initial lockdowns.

A special mention goes to Imogen Poole, SDA, as triple gold medallist, Andrei Golovatii, SDA, double gold medallist on springboards, Hernan Mosqueda-Jolly, Albatross, also double gold medallist on 1m and 3m springboard and Harry Healey, Albatross, gold medallist on platform and silver medallist on 1m.
